

MID-HUDSON RADIO CONTROL SOCIETY  
General Meeting Minutes

Date: 4/3/23

Start time: 7:15 PM, at the Poughkeepsie United Methodist Church

Present: 5 members, 0 guests

- Minutes from the previous meeting were accepted as posted on the club web site.
- Peter read the treasury report prepared by Fred DiMaria.
- Field reports: Rob Schulze noted that the Redwing field is in good shape, although wet and slightly bumpy. There are signs that the soccer group is using the field for practice. The Wallkill field is very wet at the moment. We will keep an eye on it to see if it dries up enough for rolling on the upcoming field prep day. The roller is set up for now.
- The “building” seminar that was held on April 1st went well. Approximately two dozen were in attendance. Peter recommended that the club donate \$150 to Roy for his efforts and expenditures.
- Peter mentioned that the AMA “FRIA” registration is all set for the Wallkill field. The AMA said not to worry at the moment with the other fields as they will take care of that later.
- Rob Schultz suggested that we hold mini contests for fun at the summer meetings to help encourage participation and attendance.
- Flavio again brought in his work in progress DC-6 “3D” printed airplane that he is working on.

Meeting adjourned: 7:50 PM

Minutes submitted by: Flavio Ambrosini
