

MID-HUDSON RADIO CONTROL SOCIETY  
General Meeting Minutes

Date: 5/6/23

Start time: 9:20 AM, at the Redwing Field

Present: 5 members, 0 guests

- Minutes from the previous meeting were accepted as posted on the club web site.
- Peter read the treasury report prepared by Fred DiMaria.
- Field reports: Rob Schulze noted that the Redwing field is in good shape. The Wallkill field is temporarily closed to the very wet ground. We will keep an eye on it to see when it can tolerate traffic again.
- Warren noted that the membership at the moment is five less than last year this time.
- Warren mentioned that the ORA Funfly set for June 3-4, is all set to go. The Jamboree paperwork is also complete for the September Jamboree.
- Probationary members Dennis Maiaro and Bob Luca are due for voting in as regular members. Since there are not enough members present to make a vote, an email will be sent out by Peter for members to reply back with their votes.
- Project Night: Flavio showed off his DC-6 “3D”printed airplane. It is powered by 4 electric motors, with a 72” wingspan and projected final weight 8 lbs.
- The club would like to order new club hats, and is looking for a new logo design. Anybody have any suggestions that they would like to submit, please send to Peter.

Meeting adjourned: 9:35 AM

Minutes submitted by: Flavio Ambrosini
