

MID-HUDSON RADIO CONTROL SOCIETY
General Meeting Minutes

Date: 10/7/2013

Start time: 7:05 PM, at the Poughkeepsie United Methodist Church

Present: 25 members

- Nick Batson brought in his Ultra Micro Pocket quad copter, from Hobby King.
- Warren Batson reported on this year's Rhinebeck Jamboree. The weather was good this year except for windy conditions on Sunday. There were 65 registered pilots and lots of flying. There were lots of positive comments about the Aerodrome in general. The real air show on Saturday included 15 flying aircraft.
- Elections for the club officers will be coming up shortly. If you are interested in serving on the board, please get in contact with Warren or any board member.
- The board members will be looking into the current process that the club has for accepting new members. Any recommendations for changes will be brought to the membership.
- Warren requested the use of the club's training aircraft for teaching some new young modelers up at the Aerodrome. The trainer is currently not being used. All members present were in favor.
- Warren mentioned that the 50th anniversary of the Jamboree is coming up in a few years. Ideas are being looked into for doing something special to commemorate the event.
- Warren mentioned that there is a possibility of running a small event at the Aerodrome in the spring time-frame.
- Flavio Ambrosini noted that half of the club members have submitted a photo for the club's website "members" page. Members that have not done so are encouraged to send in a photo, or have their picture taken.
- A demonstration of the website's "forum" page is being planned for the November's meeting to help members get acquainted.
- Warren mentioned that he is willing to put on a demonstration on "iron-on" trim applications at a future meeting, if there is interest in it. The members responded with a yes.

Meeting adjourned: 8:25 PM

Minutes submitted by: Flavio Ambrosini
