

MID-HUDSON RADIO CONTROL SOCIETY
General Meeting Minutes

Date: 12/2/2013

Start time: 7:05 PM, at the Poughkeepsie United Methodist Church

Present: 27 members, 1 guest

- Jerry Milosek brought in his Troy Built Models P-51B. With a wingspan of 71", retracting tail wheel and detailed cockpit kit. Jer is building it to be electric powered.
- Charles Knight brought in his EasyTiger Models P-51B. Gas powered with a 98" wingspan, and a weight of 30 lbs.
- Fred DiMaria went over the 2014 budget proposals. A motion was made to accept proposal "A", which includes a dues increase of \$5 per member. The motion was made by Bob Magee and seconded by Otto Loorents. A vote was tallied with 25 "yes" and 0 "no".
- Warren Batson mentioned that the board will be looking into ways to increase the club membership numbers, and the "intake" process as a whole. The target to propose ideas to the membership is February or March.
- Warren mentioned that the club received a certificate from the AMA for the donation made to the "Wounded Warriors" project.
- The club will be hosting another scale building seminar in January. Roy Vaillancourt will be discussing scale topics on his SE5A project. Focus will be on all of work that is done before covering the model.
- Flavio Ambrosini mentioned the idea of having a memorial page on the club's website for all of the members that have passed. Input from members is encouraged.
- Warren mentioned some of the work progress being made up at the Rhinebeck Aerodrome. The Albatross is nearing completion and is sporting a beautiful new color scheme.
- Warren gave a talk on "iron on" covering and trim techniques that he uses on his models.

Meeting adjourned: 8:00 PM
