

MID-HUDSON RADIO CONTROL SOCIETY
General Meeting Minutes

Date: 2/6/2012

Start time: 7:10 PM, at the Poughkeepsie United Methodist Church

Present: 23 members and 7 guests

- Warren Batson reminded everyone of the upcoming WRAM show that will be held at the new location in New Jersey.
- A reminder that the general meeting in April will also be the club's "project night".
- Ron Revelle talked about the bill in congress that involves both the FAA and AMA, and its impact on the R/C modeling community. A reminder to make sure that your email address is up to date with the AMA for possible future communications.
- Warren mentioned that the "Scale Building Seminar" that was hosted by MHRCS went very well. There was a good turnout with a lot of information presented that was useful to all.
- Warren noted that the club's holiday dinner in January went very well, and was attending by 26 people. A good time was had by all.
- Charles Knight brought in his electric powered F-18 jet. Main construction of foam with a lot of detail built in. The jet included powered leading and trailing edge flaps, powered folding wing tips, retractable landing gear, powered canopy, lighting, and vectoring thrust nozzles.
- Lloyd Quick gave a detailed presentation on electrics. Information covered included theory, motors, batteries, controls, formulas, etc... A lot of good information useful to all.

Meeting adjourned: 9:10 PM
