

MID-HUDSON RADIO CONTROL SOCIETY
General Meeting Minutes

Date: 2/7/2011

Start time: 7:15 PM, at the Poughkeepsie United Methodist Church

Present: 21 members and guests

- Warren noted that there is no real field report to give for the Redwing field due to the fact that it is snowed in. There are the usual snow mobile tracks here and there.
- The club holiday party went very well with a lot of positive feedback from the members that attended. A big thanks goes out to John Philbrick for all of his hard work in coordinating the party.
- The Scale Building Seminar that was held in January went over exceptionally well. There were a total of 54 attendees with nothing but positive feedback. There is interest from the attendees for another seminar next year. A big thanks to Bob Allen and John Philbrick for all of their hard work in putting this together.
- A reminder of some the events that are coming up in the area, including the WRAM show. Information can be obtained from the calendar on the club's website.
- Club dues are being accepted. Application forms can be found on the club's website.
- Glenn Stubbs led a discussion on several topics. First on battery safety tips and warnings. The use of insulation spray foam for a variety of applications, including repairs, wing construction, fuselage filling, etc...
- Warren led a discussion on topics pertaining to painting models, including preparation, different types of masking products, spray equipment, and paint material itself. Warren used his Cub that he restoring to show some tricks and methods that he is using. He is using household latex paint thinned with windshield wiper fluid. A layer of Nelson's clear coat will finish the whole process.

Meeting adjourned: 8:05 PM

Minutes submitted by: Flavio Ambrosini
